

Presentation By Group No. 03 MittaPalliVillage- Reddy and Yadav Colony

Dr. K.Majushree (Group Leader)

Dr. Saheerudeen (Facilitator) (Joint Development Commissioner)

Dr. Milind Dandekar

Dr. Mahendra K. Ranjekar

Dr. Jagdish Jadhav

Dr. Shrikrishan Rai

Dr. Kavya Datta

Dr. Radhyeshyam Raikwad

Dr. K. A. Chauhan

Dr. Kapil nath Shringirishi

Structure of Presentation

- Village Profile
- Tools Data Collection
- Transect (Walk Through)
- Social Mapping and Resources Mapping
- Issues Identified
- Prioritization of Issues
- Schemes Suggested
- Lessons Learnt

Mittapalli Village

Village Profile

- Geographical Area : 5300 (Acres)
- Households : 600
- Population : 4138
 - Male : 2166
 - Female : 1972
- Gender Ratio : 1000:
- SC and BC HH are More
- Sources of Income for Panchyat
- (House Tax and Water Tax)

Tools for Data Collection

- Observation
- Questionnaire
- Semi-Structure Interview
- Transect (Walk Through)
- Social Mapping
- Resources Mapping
- Focused Group Discussion

Social Map

- Bala-Vikas
- Panchayat Office
- Library
- Post Office
- Temple
- Society
- Ration Shop
- Houses (Pucca and Kacha)
- School Aganwadi
- Hospital
- Roads
- Bank
- Milk Booth Center
- Yadava's Society

Resource Map

- Ponds
- Bore Wells
- Agriculture Land
- Drainages
- Water Tanks
- Boar Wells
- Irrigation Facilities
- Barren and Fallow Land

- Typology, Structure and Nature of Houses
- Agriculture
- Resources
- Drainage
- Sanitation Facilities

Issues Identified

- No Proper Drainage
- Lack of good Aganawadi buildings
- Old Gram Panchyat Building with insufficient space
- Post Office and Library Buidling less space for future endeavours
- No Primary Health Centre with with basic facilities i.e. MBBS doctors
- No big Vehicles for Garbage Collection,
- No community Dumping Yard and Compost Unit
- Lack of Solar lights
- No Computer Education inst.
- No Service Center for agriculture implements
- Less Fodder availabilty

Priorities

1. Internal Drainage System
 2. Gram Panchayat Building
 3. Agriculture Service Center
 4. Vermi Compost Unit
 5. Anganwadi Building
 6. Full fledged Primary Health Centre
 7. Vocational Training Center for Women
 8. Skill Development Centre for Youths
- 
- A photograph of a circular concrete drainage well, likely part of an internal drainage system. The well is surrounded by a layer of grey stones. A pink object, possibly a pen or pencil, is lying on the stones near the well. The background shows a dirt area with some sparse vegetation.

Data Analysis

- Primary Data
- Secondary Data
- People's priorities
- People's vision
- Resources availability

Programmes Suggested
